

**Early Childhood Outcomes (ECO) Reporting and Transition From Family Infant Toddler to EEE (Part C to Part B)
DOE Data Collection Tools**

The link below provides easy access to the DOE mandated tools we must complete and submit annually to document the following:

1. Growth achieved by students enrolled in our EEE programs
2. Adherence to procedural requirements at the time of transition from the Family Infant Toddler to the EEE program in an LNSU school.

Complete these tools as the events occur. Submit them in June annually to the LNSU Director of Student Support Services.
