**Subject:** **Family Court Documents Outlining Parents Rights**

---

It has become important for schools to be assured they have current and accurate information regarding any court decisions related to the custody and parental rights for our students. I have investigated our rights and options as schools to seek access to this information directly from the Family Court. In the event a student's parents are divorced, or you determine there may have been a court proceeding outlining the parents' rights on behalf of a child, you need to contact the court directly for a copy of the court document. The documents are public documents and can be obtained for a fee of 25 cents per page.

To obtain documents from the Lamoille Family Court please contact Cathy Wilson directly. She will accept requests for information from LNSU principals by phone or in writing.
